# Mohamed Nashaat

Junior Frontend Developer

mohamednashaat336@gmail.com +20 01027755933 Cairo , Egypt https://github.com/mohamednashaat336-arch
https://www.linkedin.com/in/mohamed-nashaat-dev/

## Summary

Junior Frontend Developer and final-year Computer Science student with hands-on experience building modern, responsive web applications using React.js, JavaScript (ES6+), HTML5, and CSS3. Developed a modern e-commerce application using React 19, Vite, Axios, and React Router, with REST API integration. Passionate about writing clean, reusable code and creating user-friendly interfaces. Seeking a Junior Frontend Developer opportunity to grow and contribute to a development team.

## Education

**Arab Open University (AOU)** Bachelor's Degree • Good

Computer Science Cairo , Egypt • Expected 2027

Final-year Computer Science student at Arab Open University, currently completing my Bachelor's degree. Passionate about software development and building modern web applications.

## Projects

**ShopStream – E-Commerce Web Application** Oct 2026 – Nov 2026

Developed a modern and responsive e-commerce web application using React 19 and Vite.

• Integrated DummyJSON REST API to fetch and display product data.

• Implemented navigation using React Router.

• Used Axios for API requests.

• Built reusable React components with a focus on responsive design and user experience.

Technologies: React.js, JavaScript (ES6+), Vite, Bootstrap 5, Axios, React Router, REST API.
